Director's Desk

Prof. Anil Kumar Rose

Director, SIET Panchkula

I take pleasure in welcoming you to State Institute of Engineering and Technology (SIET), Panchkula

an institute dedicated to the proper growth and development of each and every student for a better career prospect.

The institute is all set to bring out the potential within each student and provide proper guidance so that their abilities can be utilized to make them future engineers capable of meeting any challenge after leaving college. The college provides full support to improve communication skills, critical thinking abilities, moral values, and a sense of responsibility. All efforts are made to improve the creativity and problem-solving abilities of students so that they can contribute their best to society and the country.

The infrastructure has been developed with the most modern equipment; provisions have also been made to upgrade the same, keeping pace with the technological advancements of the time. SIET has a team of highly qualified, experienced, and dedicated faculty who devote their time not only to teaching but also to the overall development of students. Faculty from other renowned institutions are invited to deliver guest lectures to help augment studies beyond the syllabus.

We are confident that students passing out from this college will be technically sound, confident, and possess good leadership skills. I wish all the best to all prospective students.

Vision & Mission

Our Vision

To be a centre of excellence in technical education, research, and innovation, fostering a skilled and ethical workforce that contributes to the sustainable development of society and the nation.

Our Mission

Quality Education – To provide a dynamic and inclusive learning environment that nurtures creativity, problem-solving, and technical expertise.

Research & Innovation – To promote research and technological advancements that address local and global challenges.

Industry Collaboration – To strengthen industry-academia partnerships for hands-on learning, internships, and employability.

Social Responsibility – To instil values of ethics, leadership, and sustainability for the betterment of society.

Lifelong Learning – To equip students with the skills necessary for continuous learning and adaptation to emerging technologies.

About the Institute

State Institute of Engineering & Technology (SIET), Panchkula, is a premier government engineering college committed to excellence in technical education and innovation. Established to nurture the next generation of engineers, SIET currently operates from the shared campus of GPP (Government Polytechnic, Panchkula) Sector-26.

The institute offers cutting-edge undergraduate programs in Computer Science and Engineering (AI & ML), Computer Science and Engineering (Cyber Security), and Robotics & Automation. With a focus on industry-oriented learning, state-of-the-art facilities, and expert faculty, SIET aims to empower students with the knowledge and skills required to excel in the ever-evolving world of technology.

TPO Message

Dr. Divya Singla

Training & Placement Officer

+91 92532 89394 | tpo@sietpanchkula.ac.in

The Training & Placement Office (TPO) is dedicated to facilitating the professional growth and career development of students by providing structured opportunities for internships and final placements. The office serves as a vital interface between the institution and industry, ensuring that students are well-prepared to meet evolving professional demands.

We strongly encourage students to actively pursue internship opportunities, as they are integral to gaining practical exposure and enhancing employability. Students who secure internships are required to inform the Training & Placement Office for proper documentation and further institutional support.

The TPO provides comprehensive assistance in areas such as resume development, interview preparation, career guidance, and coordination with reputed organisations for recruitment activities. Students are advised to remain proactive, disciplined, and engaged in all placement-related initiatives to maximise their career prospects. We extend our best wishes to all students for a successful and rewarding professional journey.

SIET Ecosystem

1. Academic Learning

Subjects like programming, data structures, databases, and software development build a strong technical foundation.

2. Practical Exposure

Labs, projects, coding practice, and real-world problem solving.

3. IT Companies Interaction

Workshops, guest lectures, internships, and company visits — especially in the Tricity region of Panchkula, Chandigarh, and Mohali.

4. Peer Learning & Clubs

Student led clubs, hackathons, and teamwork among students.

5. Infrastructure & Environment

Well-equipped labs, internet access, and a peaceful environment for focused study.

Why SIET Panchkula

1. Panchkula is connected to Chandigarh and Mohali, forming the Tricity hub which attracts many IT companies, startups, and corporate offices.
2. Compared to other cities, Panchkula is less crowded, safer, and cleaner — which helps students focus on studies.
3. Many IT companies prefer Tricity students for hiring, giving students exposure to numerous internships and placement drives.
4. Nearby Panchkula has IT companies that provide students direct access to tech and company visits.
5. Well-planned roads and civic facilities make daily college life easy and convenient.

Code of Conduct

The Code of Conduct establishes clear guidelines to promote integrity, professionalism, and responsibility among students, faculty, and staff. These guidelines are essential to ensure that all members of the institution maintain respectful conduct.

The Code promotes transparency, non-discrimination, and mutual respect within the academic community. In this way, everyone can contribute to a positive environment that supports personal growth and academic excellence.

The Code provides a clear definition of acceptable and unacceptable behaviour within the institution, ensuring that all individuals act ethically and maintain harmonious relationships.

Purpose

The purpose of the Code of Conduct is to guide students as responsible young adults and to provide a supportive institutional environment that helps in personal growth and academic excellence.

While students are encouraged to think independently and express their ideas, the Code ensures that all actions are carried out with integrity — helping students succeed in the institution and preparing them for lifelong success.

The Code is about finding a balance that helps students succeed during their academic journey and prepares them for long-term achievement.

The college operates through a shared understanding among four key groups: students, faculty, staff, and the institution.

Rules and Regulations

1. Purpose

The main aim of SIET is to create a positive environment where students can learn and grow, with a focus on academics, discipline, and overall development.

2. General Conduct

Students at SIET must respect faculty, staff, and peers. SIET does not tolerate any form of misconduct, harassment, or indiscipline.

3. Academic Integrity

Students must be honest in all their work. Cheating, plagiarism, and dishonesty are strictly prohibited. Students must attend classes regularly and maintain a minimum of 75% attendance.

4. Anti-Ragging Policy

Ragging is strictly prohibited at SIET. Any student found involved in ragging will face strict disciplinary action.

5. Attendance & Academic Responsibility

Students must attend lectures, labs, and tutorials regularly. Assignments must be submitted on time and students are expected to participate in academic activities.

6. Use of Campus Facilities

Students must use the library, laboratories, and sports facilities responsibly. Damage to SIET property will result in a fine or penalty.

7. Discipline & Misconduct

If a student breaks any rule, the Disciplinary Committee will take action. The committee may issue a warning, fine, suspension, or expulsion from SIET.

8. Hostel Rules

Students living in the hostel must follow established timings and keep their rooms clean. They must respect SIET property and not engage in prohibited activities.

9. Digital & Social Media Ethics

Students must use digital platforms responsibly and must not post anything that can damage SIET's reputation.

10. Equality & Inclusiveness

SIET does not permit discrimination based on gender, religion, caste, or background. Students must foster an inclusive environment for all.

11. Health & Safety

Students must follow all safety rules within the institution. Harmful substances are strictly prohibited.

12. Placement & Professional Conduct

Students must behave professionally during the placement process and follow all guidelines provided by the Training & Placement Office.

Students' Responsibility

1. Attendance

Students must maintain a minimum attendance of 75% to be eligible for examinations.

2. Student Integrity

All assignments must be submitted on time. Academic dishonesty — including cheating, copying, or unauthorised help — will lead to disciplinary action.

3. Conduct and Respect

Students must act with dignity and respect towards peers, faculty, staff, and visitors. Ragging, bullying, harassment, or discrimination in any form is completely unacceptable.

4. Dress Code and Personal Hygiene

Students are expected to dress appropriately for academic, laboratory, and institutional activities. Maintaining personal hygiene and cleanliness is important at all times.

5. Responsible Use of Institutional Facilities

All campus facilities, including classrooms, laboratories, libraries, and hostels, should be used responsibly. Institutional property must not be damaged, misused, or wasted.

6. Discipline and Participation

Students are encouraged to get involved in academics, sports, and extracurricular clubs. Unauthorised absences, misconduct, or any disruptive actions are strongly discouraged.

7. Institutional Representation

Students should represent the institution well, both on and off campus, and uphold its reputation at all times.

Placement Procedure

Campus Placement Procedure — SIET

Training & Placement Office | Last Updated: 2025–26 Academic Session

1. Eligibility Criteria

Criteria	Requirement
CGPA / Percentage	Minimum 6.0 CGPA or 60% aggregate (varies by company)
Active Backlogs	No active backlogs at the time of placement
Attendance	Minimum 75% attendance in all subjects
Registration	Valid TPO registration for the placement season
Year of Study	Final-year or pre-final-year (for internships)

2. Step-by-Step Placement Process

Follow these 7 steps in order. Each step must be completed before proceeding to the next.

Step 1 — Register with TPO

Visit the Training & Placement Office and fill out the placement registration form. Submit required documents (resume, marksheets, ID proof).

Step 2 — Eligibility Verification

TPO verifies your CGPA, attendance, and backlog status. Students who do not meet criteria will be notified separately.

Step 3 — Prepare Your Profile

Finalise your resume with the help of TPO. Collect certificates, project reports, and any relevant documents.

Step 4 — Attend Company PPT

Attend the Pre-Placement Talk (PPT) for companies visiting campus. Apply online/offline as instructed by the company coordinator.

Step 5 — Aptitude / Written Test

Appear for the written or online screening test. This round filters candidates for the interview stage.

Step 6 — Interview Rounds

Shortlisted students go through Technical Interview and HR Interview. Additional rounds (Group Discussion, coding test) may apply.

Step 7 — Offer & Joining

Selected students receive an offer letter. Submit all required documents to TPO and the company HR within the given deadline

3. Registration Process

Documents Required at Registration

- Updated resume (2 printed copies + soft copy on USB/email)
- Marksheets of all semesters (photocopies)
- 10th and 12th certificates
- College ID card (photocopy)
- Passport-size photographs (4 copies)
- Any relevant certifications (NPTEL, internship, etc.)

Registration Steps

- Pick up the Placement Registration Form from the TPO office or download from the college portal
- Fill in all details accurately — name, roll number, branch, CGPA, mobile, email
- Attach photocopies of all required documents
- Submit to the TPO office
- You will receive your Placement Roll Number via email within 2 working days

4. Interview Process

The interview process varies by company. A typical structure is:

Round	Details
Round 1	Aptitude Test — Quantitative, Logical Reasoning, Verbal Ability
Round 2	Technical Interview — Core subjects, programming, projects
Round 3	HR Interview — Communication, attitude, career goals

Round 4 (if any)	Group Discussion or Case Study (company-specific)

5. Offer & Post-Placement Formalities

After receiving an offer letter, complete the following within the stipulated deadline:

- Sign and return the offer acceptance form to TPO
- Submit original documents for background verification as requested by the company
- Complete any pre-joining requirements (medical tests, online courses, etc.)
- Inform TPO of your joining date and company details
- Note: Students who accept an offer must inform TPO and withdraw from other active placement drives (one student — one job policy)

TPO Team

#	Role	Name	Year & Branch
1	Student Placement Head	Shan	3rd Year (AIML)
		Aditi	3rd Year (CS)
2	Deputy Placement Head	Nishith	2nd Year (AIML)
		Pranjal	3rd Year (AIML)
3	Company Relationship Coordinator	Saloni	2nd Year (AIML)
		Aman Dhiman	3rd Year (AIML)
4	Training & Skill Development Coordinator	Aditya	2nd Year (AIML)
		Deepender	3rd Year (CS)
5	Data & Documentation Coordinator	Pankaj Sharma	3rd Year (CS)
		Mansi	2nd Year (CS)
6	Public Relation & Communication Coordinator	Chhavik	3rd Year (AIML)
		Dipti	2nd Year (AIML)

7	Student Representatives	Nancy	3rd Year (AIML)
		Gagandeep	2nd Year (AIML)
		Tanu	2nd Year (CS)
		Sujal	2nd Year (CS)

Student Declaration

Mandatory for all students during admission/orientation

"I, [Full Name], Roll No. [XXXXX], Batch [YYYY], solemnly affirm and declare as follows:

Code Compliance: I shall adhere to the Institute Code of Conduct (available on the website), not only in academics but also in hostel rules, campus behaviour, events, digital ethics, and health & safety.

Academic Integrity: I understand the importance of being honest in my work and shall not resort to plagiarism or cheating in any form — in exams or in the submission of assignments. I shall achieve and maintain the minimum required attendance (75%+).

Respect & Anti-Ragging: I will always respect fellow students, faculty, staff, and visitors. Ragging, bullying, sexual harassment, discrimination, or violence are totally unacceptable and I am firmly against such behaviour.

Campus Responsibility: I will use institute facilities responsibly, care for property, keep surroundings clean, and be a good representative of the institute both on and off campus, including on social media.

Health & Safety: There shall be no smoking, drinking alcohol, using drugs, or taking any kind of substances on campus. I shall comply with all safety measures and report any danger immediately.

I am aware that disciplinary provisions may be applied for violations — ranging from reprimands to suspension/expulsion, and court actions for serious offences. I hereby affirm that I have honestly responded to all questions."

EDUCATION

B.Tech in Computer Science & Engineering 2022 – 2026

State Institute of Engineering & Technology (SIET), Haryana CGPA: X.X / 10

Class XII – PCM | [Your School Name], Haryana | Board: HBSE / CBSE 2022 | XX%

Class X | [Your School Name], Haryana | Board: HBSE / CBSE 2020 | XX%

TECHNICAL SKILLS

Languages: C, C++, Python, Java, JavaScript

Web Development: HTML, CSS, React.js, Node.js, Express.js

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, VS Code, Postman, Linux, Jupyter Notebook

Core Subjects: Data Structures & Algorithms, DBMS, OS, Computer Networks, OOP

PROJECTS

[Project Name] | Personal Project, GitHub *[Month YYYY – Month YYYY]*

- [Brief description of what you built and the tech stack used]
- [Key feature or technical achievement]
- [Deployment, performance metric, or outcome]

INTERNSHIPS & EXPERIENCE

[Role] | [Company Name], [City/Remote] *[Month YYYY – Month YYYY]*

- [Key responsibility or contribution]
- [Measurable impact or technology used]

ACHIEVEMENTS & AWARDS

- [Competition name, rank, or award]
- [Hackathon / coding contest achievement]
- [LeetCode / CodeChef rating or problems solved]
- [Scholarship or merit award]

CERTIFICATIONS

- [Certification Name] — [Issuing Platform / Organisation] — [Year]
- [Certification Name] — [Issuing Platform / Organisation] — [Year]
